In this worksheet you will learn about the future. You will read a text about Susan and her plans for the future. You will answer some comprehension questions. You will also practice the use of the auxiliary will.

Read the text and answer activity 1

Hello Friends,

My name is Susan. I'm twelve years old and I live in London.

I would like to talk about my future ideas. When I grow up, I want to be a vet, because I like animals. My favourite subject is Biology and I often go to Natural Museum and the zoo near my home.

When I leave school, I think I'll go to university and I'll learn how to cure animals. Later I think I'll work at London Zoo.

I don't want to get married too soon, so I think I'll wait until I'm thirty. I hope my partner will be a kind, friendly and handsome man. I don't want to be rich or famous, but I want to be important and happy. I think I'll live in a big city.

I don't think that the world will change very much. We'll probably have electric cars and very clever computers.

I hope we won't have wars and diseases. Life will be easier and people will live longer. We'll take care nature and animals.

What about you? What are your plans for future?
